FAQS

What should I do with my workbook answers?

The workbook is for you to apply the concepts/lessons to your business, and will provide useful pre-work for completing the final project (which you'll submit). However, we don't expect you to submit the workbook to us. This is your personal notebook to reflect, respond, and keep track of any notes about the content.

How long will the videos be available for?

Each video will be available from the time it drops, until 6 weeks after your cohort completes its final project. Videos can be viewed any time from their launch date.

Do I receive a certificate of completion and LinkedIn badge for the course?

Yes! We provide certificates of completion and LinkedIn badges to students who watch all videos and turn in a final project. You'll receive your credentials the week after the course ends.
